

Times Tables practise.

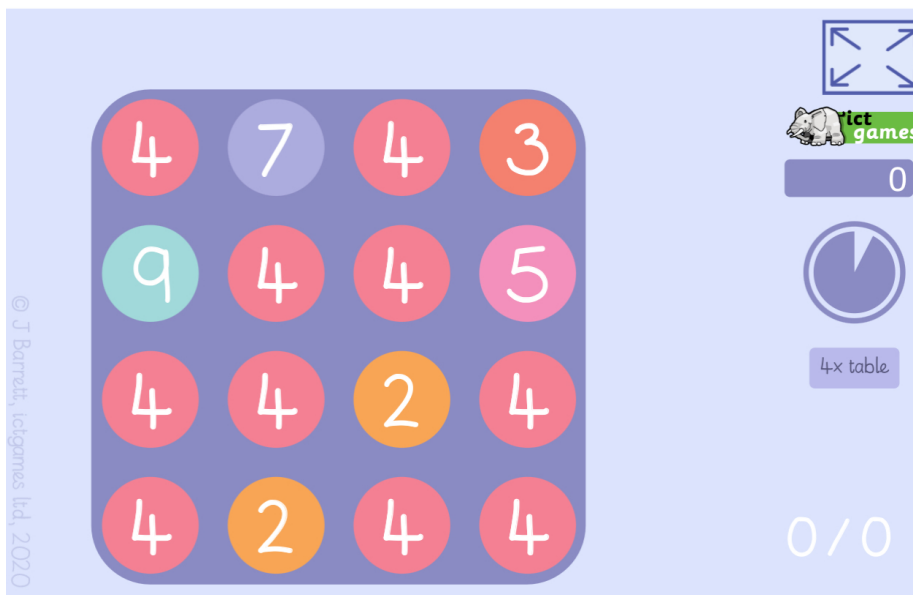

Try this fun game to practise your times tables :- It is free, just use the link below.

https://www.ictgames.com/mobilePage/pop_n_drop/index.html

★ Choose 4X tables.

Drag your finger across two numbers that make up one of your 4 times tables (factors). Then choose the correct answer that pops up on the right hand side (multiple).

Now try again for other times tables.

You can also finish the tables in your little books that you brought home.
